GRADE R

OUR VISION

Our school values every child and will work to ensure that each child feels proud of who they are and of their achievements. Within this supportive ethos, we will provide a broad, balanced, enriched and thinking curriculum for all our children.

We aim to celebrate successes in all areas of school life, motivating the children to become lifelong learners. Each child will be given every opportunity and challenge to achieve their full potential in a happy, secure, family atmosphere and stimulating, vibrant inclusive environment.

We will support each child in meeting their challenges and strive to promote independent learning by providing an environment in which children can learn from their mistakes and build on successes. Each individual's self-esteem is recognised as being at the heart of the learning process. Development of the whole child and of their self-confidence and efficacy will be at the core of our aims.

We aim to provide first-hand experience of learning outside the classroom to help make subjects more vivid and interesting for pupils and enhance their understanding. We aim to be the lead learner in the community, offering outstanding opportunities to maximise the learning potential of pupils, ensuring excellent teaching and learning strategies are used to have the greatest impact on pupil's attainment, achievement and well-being.

We have the best interest of the pupils and staff at heart. Learning should be fun! Everyone in the school community should feel appreciated, with an ethos of trust, openness and evaluative dialogue, where pupils and staff can feel valued, respected and listened to. We need to have high expectations of ourselves and the pupils.

Staff development will ensure a highly developed team that will respond to the challenges of school life with dedication, commitment, and professionalism. Staff will feel trusted, valued, and respected, emphasising the school as a community of learners on all levels.

The school will maintain its place at the centre of the community, being viewed with a sense of pride by all who recognise that the future of our community and society at large rests in the investment we make in our children.

WELCOME

We are delighted that you are interested in applying to Oak Hill Academy.

As you become familiar with the school during our guided tour, you will find Oak Hill Academy to be an exciting, challenging, and supportive academic environment that offers each pupil an opportunity to develop to his/her full potential in a loving and secure environment. We hope that your family will join our great team, and help us prove to our children that we believe in them!

OUR SCHOOL

While Oak Hill Academy started in 2014, our Pre-Primary school, Little Bean Early Learning Centre, is well known for its balanced educational program for body and mind, heart and soul, while incorporating art, sport, and community service. This is why we believe that we can now also offer this to our Oak Hill pupils. We believe in our pupils! We want to give them the opportunity to grow into their best selves, and to reach out to embrace and empower themselves with the knowledge they will receive from the best education.

Our programme carefully considers all aspects of a child's development: emotional, social, physical, and cognitive. We believe that children can best acquire a rich body of knowledge and the skills needed for future learning through a curriculum that is developmentally appropriate and that builds upon itself year by year. We believe that our curriculum will inspire a love of learning, build self-confidence, and foster in our students the ability and desire to contribute to their community.

We realize that the first years of a child's academic life are crucial ones in establishing positive attitudes and disposition toward learning. We value a young child's natural desire to learn through creativity and self-expression. We strive to build upon our students' curiosity, while instilling in them a spirit of cooperation, a respect for others and for their ideas, and a satisfaction in personal intellectual growth.

OUR STAFF AND PUPILS

Our teachers are extraordinarily talented, passionate and dedicated people. They are encouraged to select, expand on, modify, and even invent their curricula, fostering an unparalleled sense of ownership and creativity in the classroom.

The heart of Oak Hill Academy is the relationship between inspiring, caring teachers and talented, motivated, and engaged pupils. In our classrooms our pupils pursue a rigorous and challenging course of academics that prepares them for success in their future.

OAK HILL ACADEMY CURRICULUM

The curriculum at Oak Hill Academy is based on the Curriculum Assessment Policy Statements (CAPS) as designed by the Department of Education. The teachers work hard to develop lessons that are relevant and exciting for our learners.

Our teachers use interactive whiteboards for teaching and learning. We organize educational presentations at the school and at educational venues. Our aim is to keep our learners informed of current events.

The CAPS curriculum is extensive and covers a range of subjects. Our Foundation Phase (Grade R-3) learners study three languages; English - as a Home Language (HL), Afrikaans - as their First Additional Language (FAL) and Zulu as an additional language.

In Grade 4, our learners will be doing Afrikaans as their FAL and are required to continue with their choice until Grade 7. In the Foundation Phase (Grade R-3), learners also study Mathematics and Life Skills. In the Intermediate Phase (Grade 4-6), our learners will study English, Afrikaans, Mathematics, Natural Sciences & Technology, Social Science (History & Geography) and Life Skills.

Our Grade 7 learners will study English, Afrikaans, Mathematics, Natural Science, Social Science (History & Geography), Economic Management Science, Art & Culture, Technology and Life Orientation.
